## PV9360 VIKING SOLAS Inflatable Lifejacket, 275 N

PV9360 is part of our inflatable SOLAS lifejacket range, which also includes PV9320 and PV9361.

The lifejacket has a 275 Newton symmetrical buoyancy chamber and can be configured with different types of buckles, covers, lights and inflation units etc., to fit customer specification. All components - carefully selected to optimize performance and durability – comes with a proven performance record i.e. Pu coated polyester fabrics, ITW Nexus buckle system, Halkey Roberts and Hammar release units.

The design of the lifejacket emphasizes both fit and performance.

The standard features include whistle, reflective tape, lifting strap, buddy line and a crotch strap for added safety. Furthermore the lifejacket is equipped with a special cleat system combining the buoyancy chamber and the cover without any external straps, which creates a safer recovery in an emergency situation. The cover fabrics are all high quality which ensures durability and a longer lifespan, even for extended wear.

### Approvals

- MED SOLAS
- RMRS Russia

### Buoyancy chamber

- TPU coated nylon,
- Double buoyancy chamber

### Inflation

Hammer automatic inflation system, Halkey Roberts® inflation system, Manual or Automatic

### Retro-reflective trim

Grey, 50 mm
